I

is for...

Iceberg

Sometimes I feel really sorry for the Iceberg. Penguins are drilling it ALL THE TIME. It probably has a really bad headache. Icebergs have feelings too, you know.

Igloo

Like a snowflake, no two igloos are the same. Once I saw an igloo that looked exactly like the Pizza Parlor! They even had a Pizzatron 3000! Hmm. Maybe it was the Pizza Parlour??

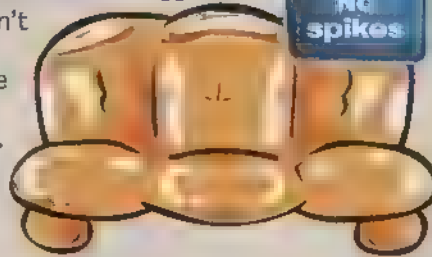

Ice Cream Vendor

If you wear this apron you can make ice cream! Just don't g've any to Herbert - he hates the cold AND he only eats rum raisin flavour.

Inflatable Sofa

Important tip: don't sit on this sofa if you're wearing the Lion Costume. Or the Bee Costume. Or anything with claws, stingers or spiky bits!

Ice Fishing

Give a penguin a fish, and he will eat a fish. Let him play Ice Fishing, and he will eat loads of fish until he can't move!

SECRETS

To get the extreme Ace Angler Stamp, you must hook 15 grey fish without losing a worm.

Ice Hockey

What has 12 flippers, 6 sticks and lots of slippery fun? No, not one of Herbert's robots. An Ice Hockey team! Which colour do you support?

Ink Ceremony Robes

Ninjas can buy this ancient outfit from the Martial Artworks Catalog. Bring it to my iggy and I'll iron it for you (see below).

Inventions

You might think that Gary, brown puffles, and Herbert are the best inventors on CP. But I onced turned a shoe into a hat. It was epic!

Ironing Board

How do you think I keep my famous Hawaiian shirts so crisp and crease-free? It's all thanks to this piece of furniture. If there was a Super Ironing Stamp, I'd get it.

Next issue, J is for Jet Pack Guy, Jackhammer 3000, Jack-O-Lantern and more!

G'day nature fans! Today we're going to find out why coral reefs are the most amazing places on the planet!

PLANET

All about wild animals and caring for our world.

CORAL REEFS

Coral reefs are like mini underwater cities! The Great Barrier Reef near Australia is the largest in the world - astronauts can even see it from space!

Clown fish and anemones are the best of friends - anemones protect the fish in return for spring cleaning of its tentacles!

Unlike other animals, it's the male seahorse that carries the eggs!

HIP HABITAT

Coral reefs are home to a wide range of life, including 1500 species of fish, sea turtles, clams, seahorses and many more.

Stingrays use the reef like a car wash - to pick up little fish to clean its back.

Cool Coral

Most people don't realize but these things that look like colourful rocks and bits of seaweed are actually amazing animals!

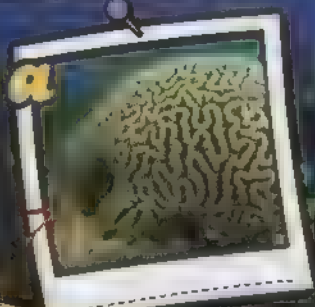

If a STARFISH loses one of its arms it can often grow another back.

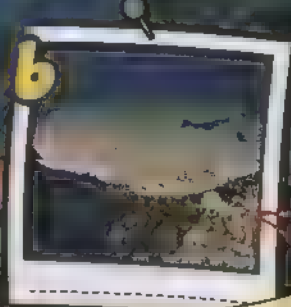

Challenge

Can you match these coral names to the pictures?

LETTUCE CORAL BRAIN CORAL
TABLE CORAL FAN CORAL

This coral grows very slowly and can be as big as a boulder!

This coral is flat to catch lots of sunlight! And fish love to shelter beneath it.

Coming in lots of colours, this coral is made up of millions of creatures called polyps!

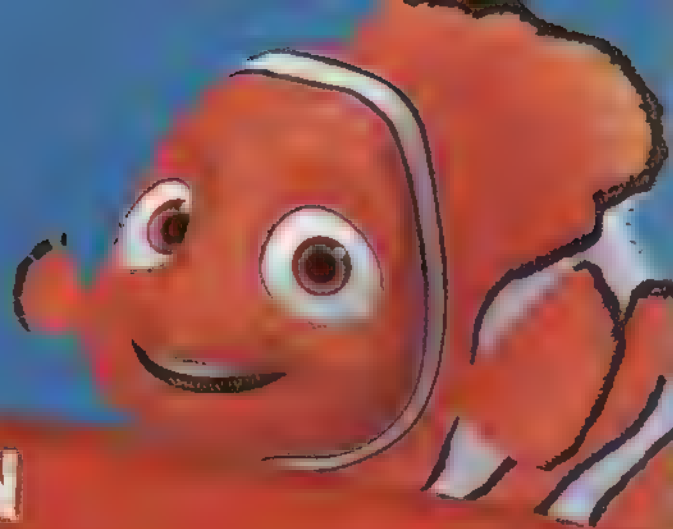

Good enough to eat? These corals thrive in warm, shallow waters.
